

To Chancellor Rachel Reeves MP
HM Treasury

Attached is my Council Tax, Electricity bill, Gas bill, Water bill (put a circle around the bill being sent).

The amount of the bill(s) is;

The date of the bill(s) is;

The name of the bill provider is;

I am not refusing to pay. I am sending these bills to HM Treasury to be paid from the public purse. I no longer want my public money to be sent to other countries for foreign aid, used to send to other countries to facilitate or participate in any wars, used to allow illegal immigrants into the country and pay to have them housed in hotels, used to pay for expensive and un-achievable net zero policies, used to pay for extortionate corporate profits and their excessive management bonuses, used to pay to bail out bankrupt councils or failing banks.

I am exercising my constitutional and lawful rights under Article 61 of The Magna Carta 1215 to distrain. This course of action will continue until satisfactory remedy and redress for the nation has been actioned by the king as is his sworn duty under the constitution.

1, by implementing the MANIFESTO OF THE NATION,
2, by removing the corrupt, compromised, belligerent, criminal, rogue government and parliament who are not working for the best interests of the nation but for that of others.

A copy of this notice has also been sent to the above bill provider and I have retained a copy for my own records.

Please understand this is not government money, this is the people's money. We are now using our money for our benefit and not for the benefit of others. You are public servants and you work for us.

These are our wishes and demands and we expect them to be carried out without question.

Yours sincerely,
