

YOUR CONSENT TO GOVERN HAS BEEN REMOVED.

The Government does not work for the people, it works for and protects the profits of private corporations. Ministers do not represent or listen to the people, despite the fact we employ and pay them.

All governments promote a permanent state of fear, worry, debt, hunger and misery. The people are sad, unhappy, fearful and worried, is it all by design?

We all deserve to be happy, fulfilled, look forward to a bright future, with no money worries, have plenty of food and the basic human right to keep warm.

This system of government is not fit for purpose, it's failed us far too many times. All publicly paid decision makers in parliament must be stopped from destroying Britain and its people, replaced by local independent men and women who's only aim is to work for the betterment of the people and the communities they serve.

Now it's our turn. The MANIFESTO OF THE NATION will make sure, from now on, we live forever happy, without fear and free from debt slavery and tyranny.

MANIFESTO OF THE NATION.

FROM THE AGE OF SIXTY YOU STOP PAYING ALL TAXES.

Your pension or salary if still working is tax free. All gas, electric and water is free. No council tax. You only pay your rent or mortgage. Free health, dental, prescriptions, eye tests and glasses.

You've paid into the system for forty years. The next generation takes up the mantle.

Earnings per annum	Minimum wage
up to £15000 tax free	16-18 - £7 PH
£15-50,000 25% tax	18-21 - £9 PH
£50-£100,000 30% tax	21-25 - £11 PH
£100-£500,000 40% tax	25+ - £12.50 PH
£500,000 plus 45% tax	

Scrap National insurance, VAT, Inheritance tax, TV licence, ALL congestion charges.

Petrol and diesel is tax free and price capped at a maximum of £1 per litre.

Bring all utilities, Rail services and The Post Office back into public ownership.

Abolish central government and all political parties, they don't work. Remove The world economic forum, The world health organisation and The united nations from the British Isles.

Create community representatives for each county.

Their sole aim is to represent for the betterment of the people they serve, appointed on merit, removed for failures, by the people, of the people, for the people.

Each representative has a salary in line with police, teachers, nurses, fire and ambulance. No second home subsidy or expenses for travel, food or any utility bills.

They work where they live or if they travel to work they pay just like everybody else.

Representatives will be professionals appointed within their field of expertise, doctors, nurses and naturopaths for health, police or judicial for law and order, hauliers and freight for transport, teachers and professors for education and so forth.

Home education will be actively promoted as will apprenticeships ahead of university, natural medicines and treatments and a healthy lifestyle ahead of prescription and pharmaceutical drugs. Vaccines will be abolished in place of homeopathy and causation treatments and remedies. Trial by jury and Common law to be actively utilised, fake for profit administrative courts abolished.

Remove fluoride from drinking water, stop chemtrails, end human and child trafficking, stop the sexualisation of children or promoting gender manipulation, stop the climate change hoax, stop going to war and promote peace, love and understanding, stop sending billions of pounds of our money to other countries, stop GMO foods, stop exploitation by big corporations, protect our borders and stop mass illegal immigrants from entering.

MAKE THE ALREADY KNOWN CURES FOR CANCER PUBLICLY AVAILABLE AND ACCESSIBLE.

This will all be paid for by not having unnecessary and criminal wars, improved health meaning less spending on the NHS, less days lost at work through sickness, more people working and less social security claims, massive savings by removing the unachievable net zero policies, create a fair, all inclusive and transparent taxing system for multi billion pound corporations that stops them from exploiting our system, import less, export more goods and services, placing emphasis on home grown and home produced goods giving financial incentives to do so.

KEEP AND PROMOTE THE USE OF CASH.
